Safety information

Vacuum cleaners and cleaning robots

Read before use and keep these instructions.

Brushes, rollers, filters, bags, mop pads, bins, wheels and other external replacement parts.

> Never run without required filters, bins or guards. Do not fit wet parts in dry air paths. Do not add foaming or corrosive agents to tanks. Stop for leaks, overheating or a jammed brush.

Switch off the device, disconnect external power and prevent automatic or remote starting before replacement. Let moving parts stop. Isolate batteries or other energy sources as the device manufacturer directs; do not dismantle a built-in battery. Replace only user-serviceable parts. Internal electrical or structural repairs belong to a qualified service provider.

Warnings

Keep loose small parts, magnets and packaging away from small children and animals. Do not put parts in the mouth. If a magnet or button battery may have been swallowed, seek urgent medical help. Follow implanted-device manufacturers' advice around magnetic accessories. These parts are not toys.

Stop using a loose, cracked, deformed or damaged part, or if abnormal heat, noise, vibration, leakage or skin irritation occurs. Secure the device against restarting. Report safety issues to kontakt@yivo.pl and claims to reklamacje@yivo.pl, identifying the product, device model and problem; photos and an order number help. Seek emergency help for immediate danger.

Remove hair and debris after isolating power. Wash only parts explicitly marked washable; let them dry fully before refitting. Replace torn filters, damaged shafts and leaking containers. Select maintenance frequency from condition and the device manual.

Store clean and dry, away from heat and sunlight. Sort packaging and worn parts under local collection rules; protect sharp edges. Parts containing electronics or batteries require the appropriate separate collection. These instructions do not restrict statutory rights against the seller. Any commercial guarantee is additional.
