Safety information

Tracker cases, key rings and holders

Read before use and keep these instructions.

External holders and cases for compatible item trackers such as AirTag; not the tracker or its battery.

> Small parts and the tracker's button battery can be swallowed. The holder is not a child-resistant battery enclosure. Do not use it as a child or animal safety restraint or a life-saving tracking device. Avoid neck loops and check access by children or animals.

Warnings

Keep loose small parts, magnets and packaging away from small children and animals. Do not put parts in the mouth. If a magnet or button battery may have been swallowed, seek urgent medical help. Follow implanted-device manufacturers' advice around magnetic accessories. These parts are not toys.

Stop using a loose, cracked, deformed or damaged part, or if abnormal heat, noise, vibration, leakage or skin irritation occurs. Secure the device against restarting. Report safety issues to kontakt@yivo.pl and claims to reklamacje@yivo.pl, identifying the product, device model and problem; photos and an order number help. Seek emergency help for immediate danger.

Remove the tracker before cleaning the case. Keep leather dry; use gentle methods appropriate to the material. Dry completely and inspect seams, rings and latches. Replace a holder that no longer closes securely.

Store clean and dry, away from heat and sunlight. Sort packaging and worn parts under local collection rules; protect sharp edges. Parts containing electronics or batteries require the appropriate separate collection. These instructions do not restrict statutory rights against the seller. Any commercial guarantee is additional.
