Safety information

Cycle computer cases and accessories

Read before use and keep these instructions.

Protective cases and covers for the indicated cycle computer, including compatible Garmin Edge models; not structural bicycle components.

> The case is not a mounting bracket, crash protector or safety tether. Never operate or adjust the computer while riding when this distracts from traffic. Stop riding before correcting a loose attachment. Do not use damaged mounts or cases that interfere with locking.

Warnings

Keep loose small parts, magnets and packaging away from small children and animals. Do not put parts in the mouth. If a magnet or button battery may have been swallowed, seek urgent medical help. Follow implanted-device manufacturers' advice around magnetic accessories. These parts are not toys.

Stop using a loose, cracked, deformed or damaged part, or if abnormal heat, noise, vibration, leakage or skin irritation occurs. Secure the device against restarting. Report safety issues to kontakt@yivo.pl and claims to reklamacje@yivo.pl, identifying the product, device model and problem; photos and an order number help. Seek emergency help for immediate danger.

Clear grit and moisture from beneath the case, dry naturally and check retention regularly. Follow the device manufacturer's limits for weather and cleaning; the accessory does not increase water resistance.

Store clean and dry, away from heat and sunlight. Sort packaging and worn parts under local collection rules; protect sharp edges. Parts containing electronics or batteries require the appropriate separate collection. These instructions do not restrict statutory rights against the seller. Any commercial guarantee is additional.
